

# Freely Forgiven...Free Forgive

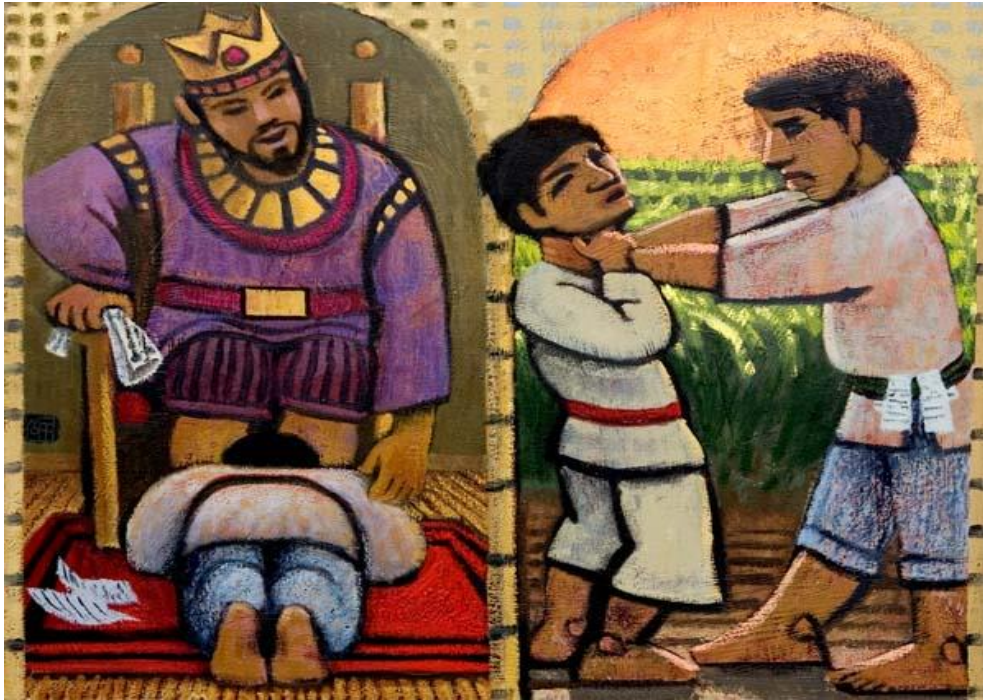

---

Grace - refers to God freely, and continuously extending forgiveness to us.

Freely - without cost, a gift.

Forgive - aphíēmi (from 575 /apó, "away from" and hiēmi, "send") – properly, send away; release (discharge); to lay aside, let go.

Do you know people who struggle to freely forgive? Are you a liberal forgiver or do you forgive conditionally? Remember unforgiveness hinders the flow of grace to you and through you.

As you read and meditate on Matthew 18:21-35; Matthew 6:12-14, think about how this applies to your life. Who do you struggle to release? Why? What offense are you holding on to? Who is indebted to you? How is this stopping grace from flowing in this area?
